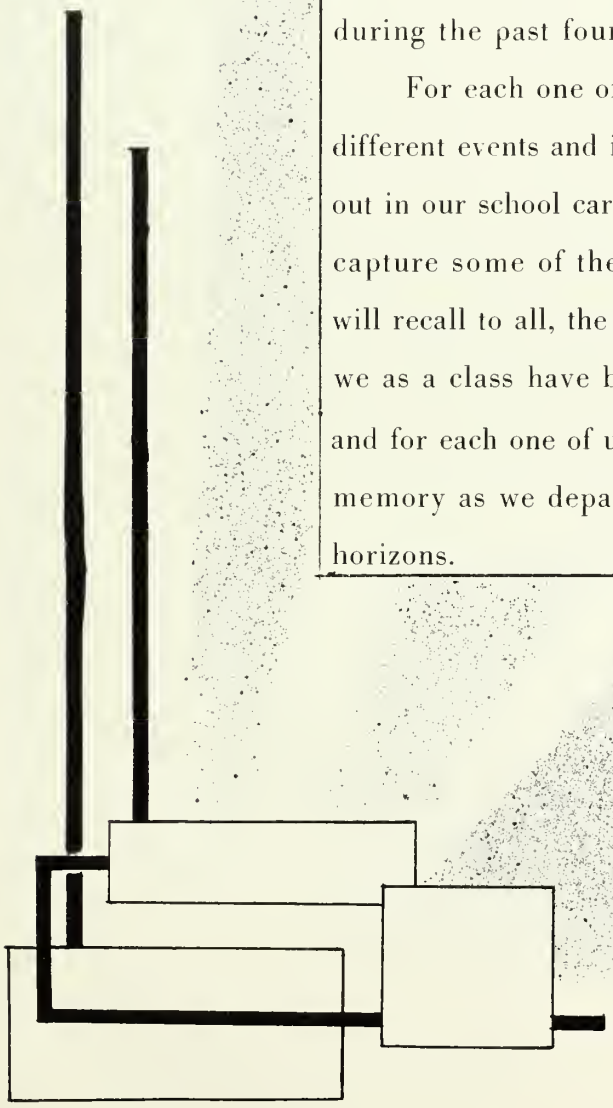
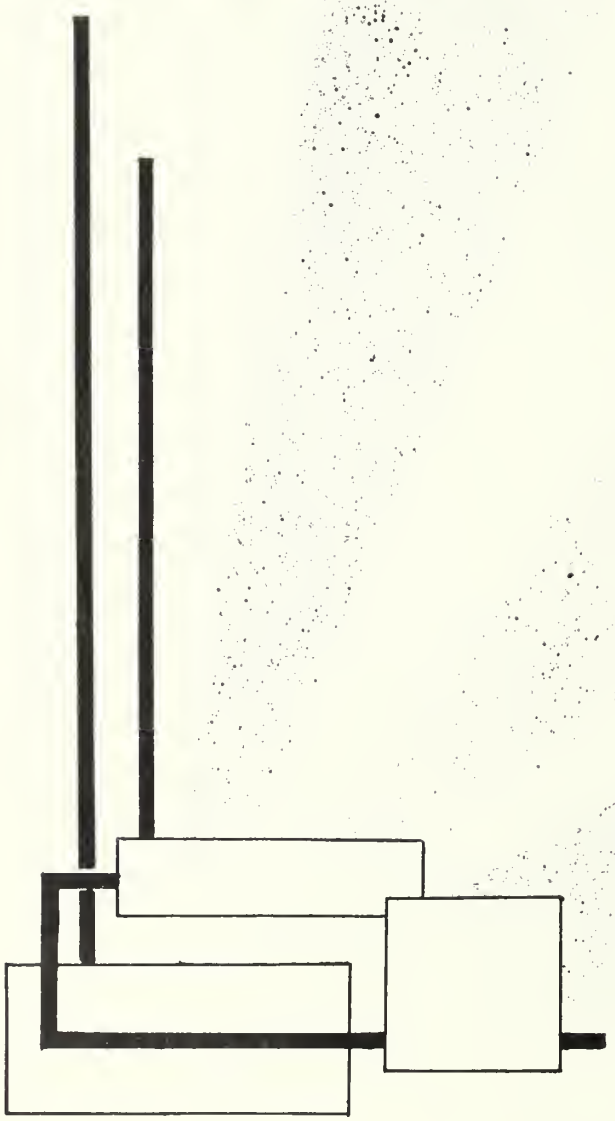
FOREWORD

As our senior year at Whitman-Hanson Regional High School is coming to a close, we are looking forward to new horizons. The rays of light that will shine on these new horizons are the same ones that cast highlights on our experiences during the past four years.

For each one of us, there have been different events and incidents which stand out in our school career. We have tried to capture some of these highlights which will recall to all, the fond moments which we as a class have been responsible for, and for each one of us will be a cherished memory as we depart to follow our own horizons.



THE HORIZ



ON 1960

With the advent of Whitman-Hanson Regional High School comes the advent of new horizons for the students of the school. Considering this, we feel it only proper to dedicate this yearbook to those who made it possible. To the grocer, banker, plumber, to all those who have provided us with these new horizons we humbly dedicate this book.

EDWIN W. ROWELL, *Superintendent of Schools*

That place at which the earth and sky appear to come together is our horizon. We may consider this to be the farthest point at which we can see anything on earth. We realize that the horizon may be limited in its distance from us by hills, buildings, or any other obstruction. We know that as we reach increasingly higher points, whether by climbing a tree, a tall building, or a hill, that our horizon will increase. The more effort we expend, the higher we go, the farther we can see. Our horizon expands.

Let us change our line of thought from a description of our physical horizon to the idea of our mental one. When we understand an idea, we say "I see" just as truly as when we first see a new view from the top of a hill. One of the main purposes for spending so much time and energy on your education over the years has been to help you to "see" more, to have a greater understanding of your world and your relationship to it.

Unlike the measurable distance of our physical horizon, our mental horizon seems to be unlimited. By rising over such obstacles as prejudice, intolerance, provincialism, and ignorance, mankind understands more and more. In this way you can expand your mental horizons forever.

PHILLIP H. JOHNSON, JR., *Principal*

I extend my personal congratulations and best wishes for future success and happiness to the members of the Class of 1960. Your quest for knowledge and greater understanding of the world about you must never cease. In Western Civilization our ideas concerning education have been developed from the glorious Greek concept that the pursuit of knowledge is man's noblest activity. Our respect for knowledge has enabled our civilization, despite wars, famine, revolutions, and all kinds of civic disturbonces, to go on building knowledge upon knowledge, thereby expanding man's understanding of himself and of the world he lives in, and promoting his ability to put the forces of nature to good use for himself.

Education is lighting of lamps of learning in the minds of the young. These lamps have been lighted by a torch handed down through the generations, all the way back to the sources of our civilization. For the education of all our youth, a strong liberal background is essential. Through a balancing of humanities and the sciences, young people will be given a foundation in the specialized knowledge that deals with man and with nature. You must always be on the alert to differentiate between "education" and mere "troining". The improvement of known techniques through ingenuity is brought about through mechanical skill. Technological advances and advances in our relations with each other and with other nations of the world come through the ability of talented, well-educoted persons with highly develcped professional skills to apply known principles to unforseen problems. Existing knowledge is the foundation upon which new knowledge is built. Our lamps of learning must never be dimmed but always burn brightly.

Your formal public school days are over, but your educational opportunities will never cease. You will be expected to leave behind you through the lives you will lead some contribution to the sum total of the world's store of knowledge. Civilization and the very foundations of Western freedom and respect for the rights of the individual man are the responsibility of each generation.

CLASS HISTORY

Will we ever forget our first day in Whitman High School? Early in September of 1956 we walked apprehensively through the doors anxiously hoping for the best but secretly expecting the worst.

Barb Zeller and Muriel Corliss led our Freshman Class as we cheered for Wayne Ross, our only representative on the varsity football team at our first football rally. Though our feeble cheers were barely heard above the din, no one could mistake the sound of the bass drum as played by Chuck Chamberlain.

Many eager Freshmen joined Mrs. Hobby's Epicurean Club at which they heard interesting talks on ancient civilizations and her beloved camel, Pepsi-Cola.

After enjoying a summer vacation we returned and elected our Sophomore officers: President, Edward Santos; Vice-President, Linda Swenson; Treasurer, Bruce Tirrell; and Secretary, Leslie Nutter. Mrs. Lapworth and Mr. Bailey kindly consented to act as our class advisors.

The next spring we eagerly began to plan for "April in Bloom," our first dance. Much to our surprise "April in Bloom" was coincidental with a late blizzard, and on that dreamy evening the gentle spring zephyrs dumped six inches of wet snow. However, it was very successful and everyone enjoyed himself to the utmost.

Glad to be out of school for the summer, we were even happier to return — at least some of us. Our football team, including numerous Juniors, enjoyed an undefeated season and they were proclaimed "Champs" of the Southeastern Conference.

The results of our fall election showed James DiMestico as President; Linda Swenson, Vice-President; Bruce Tirrell, Treasurer; and Mary-Anne Hayes, Secretary. They were to lead our class throughout the Junior year.

Soon after the football season ended we staged our Junior dance entitled "Honolulu Holiday." Financially it was one of the biggest successes the school ever experienced. It was supervised by our advisors, Mrs. Lapworth and Mr. Bailey.

The basketball team supported by Ray Agius, Bruce Tirrell and Wayne Ross also enjoyed a successful season.

As April rolled around we began to prepare our "Spellman Essays"; many of us stayed up into the wee hours of the morning desperately trying to meet the deadline. Joan Smith and Cynthia Lunenburg copped two of the three prizes.

In the spring a great honor was bestowed on many of our Junior classmates as they were inducted into the National Honor Society.

For many months we had been anticipating our Junior Prom. On that balmy evening in May we enjoyed ourselves in a beautifully decorated gym under the reign of Queen Mary Marble.

As we left school in June we were proud to be officially Seniors.

When we returned the next autumn we elected our officers right away. They were James DiMestico, President; Linda Swenson, Vice-President; Bruce Tirrell, Treasurer; and Mary-Anne Hayes, Secretary, exactly the same as the previous year.

After a mediocre start our football team caught fire and did an excellent job for the remainder of the season, ending with only one defeat. Thanksgiving Day was made complete with a thrilling victory over Abington, our arch-rivals.

"Autumn Leaves," our Senior dance, was enjoyed by all who attended and, like our other dances, was highly successful.

As our Good Government Day representative we chose Linda Swenson to represent us at the State House in Boston.

Soon afterwards the corridors were covered by campaign posters for a local government — the first of its kind. This election was accompanied by speeches and other political rabble-rousing, highlighted by the brilliant campaign of Robert Pratt whose platform included free lollipops for potential supporters.

Now, as we are once again laden with the burdens of the Spellman Essay, the Science Fair, term papers, College Boards and numerous other responsibilities, we reflect upon our memories of the happiest four years of our lives and look forward with anticipation toward graduation and its accompanying activities, as well as unlimited horizons.

At 8:00 P.M. on April 29, 1960 the class presented a hilarious comedy, "Charlie's Aunt", in the school auditorium. In the starring roles were Janet Stevens as the celebrated Brazilian millionaire and widow, and Alvah Howe as the self-confident, alert college student at Oxford. Pat Davis did an excellent job imitating Donna Lucia. Barbara Zeller did an excellent job in her busy role as prompter. Our thanks go to Mr. Donald Putnam and Mr. Daniel Redgate for their help as directors.

Due to losses from graduation, a winning season was not anticipated by Coaches Teahan and O'Connell. However, through teamwork and sheer fighting spirit the Panthers were leading contenders of the Southeastern conference championship. The backfield, built around the lightining-fast co-captains John Fernandez and Wayne Ross and quarterbacks Dick Bail and Paul Nugent, was touted to be the most dangerous in the conference. The line, led by seniors Bruce Emery, Bruce Tirrell, Jim Twomey, and John Conroy was shaping up into a solid wedge. To round out the offense, the kicking duties were placed in the able feet of Dave Hall.

After a slow start the Panthers proved themselves worthy of the coaches confidence by winding up the season with 5 wins, 1 loss, and 2 ties. In what proved to be one of the most exciting games of the season, Whitman-Hanson pulled off a 16-8 win over a very strong Middleboro team, at the latter's home field. In this game, Wayne Ross ground out most of the yardage on buck series, while John Fernandez scored the first touchdown on a short buck and provided the clincher with a spectacular 60 yard run. The line also proved itself in this game by holding off the ferocious second-half drives of Middleboro. The boys sang in the bus all the way back to Whitman, and morale was at its peak for the Turkey Day encounter with arch-rival Abington. This contest proved to be worthy of the publicity given it, the lead seesawing back and forth between the teams, with John Fernandez starting the scoring with a 60 yard run in the opening minutes and Wayne Ross ending it with a last-minute 60 yard clincher.

BOYS' BASKETBALL

Although their record was not spectacular, the Panthers were an efficient unit. Led by conference all-star Bruce Tirrell and other senior members, Wayne Ross, Dick Bail, and Ray Agius, the team held its own in a tough conference. Starting off the season with a win over Martha's Vinyard H. S., we lost some very close games, such as the 66-65 loss to Middleboro which was decided by two foul shots after the game had ended. Our other two victories were both over Hingham High. Our J.V. team under the direction of Coach Cullinane lost very few of its encounters. It is with high hopes that Coach Spratt is looking forward to next year's season, when Whitman-Hanson will be represented by Jeff Ross, Paul Nugent, Don White, Jerry Ferris, and Dick Searle, as well as members from this year's J.V. team.

GIRLS' BASKETBALL

The first girl's basketball team of Whitman-Hanson Regional High School had a very successful year with eight wins and three losses.

Although the team did not get a chance to play in the new gym this year, Thais Smith managed to hoop 146 points despite our old wooden backboards. Forwards Jackie Corliss, Donna Braddock, Mary Marble, Linda Erickson, Jean DiGregorio, Anne MacGregor and Captain Linda Swenson also aided in winning our games by scoring many points. We must not forget our guards — Bonnie McNamara, Leslie Nutter, Nancy McKenna, Natalie Martin, and Ellen MacGregor who were just great as they kept the ball away from the opponents.

The girls played twelve games with surrounding towns of Rockland, Abington, Rockne, Holbrook, Scituate, Hingham, and Silver Lake — every game being very exciting.

The Junior Varsity also enjoyed a winning season, losing only one game. Patty Means led their scoring with 70 points.

To highlight the end of our season a party was given by the underclassmen in honor of the graduating Seniors. Food, drinks, and entertainment were enjoyed by all. At this time a gift was presented to Miss Pratt in appreciation for her coaching.

As the Seniors leave, they would like to extend the best of luck to next year's team. We all know that they will be very successful.

SOFTBALL

Miss Pratt, coach of the Girls' Softball squad, has every reason to anticipate another successful season this year. Built around a nucleus of two fine seniors, Jackie Corliss, the team of '60 boasts some outstanding underclassmen, with Thayer Smith, Eleanor Corliss, Glenda Gidis, and Bunny Fullerton, all experienced veterans from last year.

BASEBALL

Although baseball tryouts have been postponed by the annual March blizzard, Coach O'Connell is looking forward to another successful season, with returning varsity members being Bud Pratt, Dick Rousseau, Bill Damon, Bill Thompson, and Ron Sherman. To fill the gaps left by graduation, Coach Franey's J.V. team has some strong candidates.

CLASS

The Junior class began the year with the election of officers and returned to office the members who served in that capacity last year. Mrs. Howe and Mr. Franey continue as advisors.

Our first social function was the Junior dance on Friday, November 13. The theme of "Swinging on a Star" was effectively carried out by the decorating committee.

The choice of our rings became a momentous decision since we are the first class to do so under the name of the regional school. The class voted to accept a copyrighted design, and we hope to establish a tradition.

Class members actively participate in extra-curricular activities, including F.T.A., F.N.A., Math Club, Band, and also football and basketball.

The following members of the class were elected to the National Honor Society: Brian Bereika, Sandra Budlong, Linda Flavell, Arlynne Lawless, Ann MacGregor, Ellen MacGregor, Austin Zipeto, Frederick Bail, Richard Holman, Frank Rowell, Mark Sweeney, Robert Vokey, Nancy Marsh, Connie Pearson, Virginia White, and Mary Wood.

The Junior Prom, our most important social event, took place on May 6, 1960, in the Whitman Town Hall. It was enjoyed by everyone who attended.

The Class of 1961 extends heartiest congratulations and best wishes to the Class of 1960.

With the help and leadership of our class advisors, Mrs. Hobby and Mr. Redgate, and the co-operating of all the committee members, our Sophomore dance, "Blue Heaven", was held on Friday evening, January 15, 1960. It was a success socially as well as financially.

We hope that when we are Seniors that the other classes will think as highly of us as we have of you.

We extend our deepest congratulations and best wishes to you, the graduating Class of 1960.

STUDENT COUNCIL

N CLASS

Entering high school this year has been an exciting experience for us, being set apart from the upper classmen. Starting the first of our four years of high school, we found that we had much to learn. With the help and guidance of the faculty we soon got used to such things as make-up slips and passes.

Although we didn't elect class officers this year, we were represented on Student Council by: Nancy Willis, Brenda Johnson, Dennis Shay, Jonathan Nutter, George Peterson, and Raymond Fish.

Freshman members participating in the band were: Jane Ewell, Leonard Baker, Richard Baker, Ernest Wilbur, Milton Clark, Carl Webster, Charles Senechal, Kenneth Brown, Salvatore Ciccio, and John Murphy.

We look forward to electing officers next year and joining in other school activities.
We extend our best wishes to the Class of 1960, and we are looking forward to the day when we too will be seniors.
